

Our Leadership is killing America

My life is nothing, saving America is everything!!! Duty comes to you.

Hello, I am Earl Edward Flowers Jr., aka Patriot Warrior. With tears and deep emotion I see our homeland descending into hell at the hands of the Dem & Repub leadership. I can not take it. For that I must mount a defense for the sake of everything we love.

Today, in this great big town of Jasper Texas I am trying to give birth to the new, “**T-RUFFF Voting Group-TVG.**” It stands for:

True Responsibility, True Unity, True Fairness, True Freedom, True Fun.

You can find out more at T-RUFFF.US. It is my website for America. Until someone better suited to lead the charge comes along I will be filling those shoes. With courage, determination, and faith I will not be deterred, but resolute in this quest for the homeland.

Only till Dec. 31st do we have to form this new party, We can do it because we Americans know the score. Our survival is on the line. Too many elections are corrupt. Only by getting true & honorable Americans united and to the table can we defeat our enemies within leadership. Please do not trust Trump, he surrendered without “a contest” for the homeland. No Excuse for turning our nation over to the DemRepubDictatorship we have today. Coming out that he was not going to start a new party when he could have easily done and put a stop to the shameful demise of our United States of America. Instead his response is to start a social platform to compete with Amazon. Sickening. I loved him until he betrayed the unity he created. Turns out he is the biggest fake of all!!! Please know as the angel’s do, this is not to get wealthy, but to save America from a terrible future. But I do need money to take this message to the streets & airways. **New York City. Tucker Carlson Tonight here I come.** I am a true American and I will never, never let you down. Needed are committee members & fellow Americans to stand up with T-RUFFF. Show your community the American you are! One strong way to support T-RUFFF is to let me advertise your business on the website pages for Kirbyville TX. People will admire your patriotism. Each town I visit will have businesses listed (if desired) that will make a monthly contribution of only \$5 or more at paypal.me/SabineRiverPost.

I need help of all kinds, especially yours

The 1st ever T-RUFFF Rally will be at:
